SUMMARY:

- With over 4 years of experience as a Senior QA Engineer, have developed expertise in automation, manual testing, API validation, defect management, Agile, and DevOps, specializing in web and mobile applications.
- Experienced Mentor, driving different types of software testing like functional, regression, integration, usability, UAT and E2E testing for optimizing software quality reducing testing time to 50%.

WORK EXPERIENCE:

Software Quality Engineer, Infosys-Pune (06/2021-06/2025)

- Developed and executed 6000+ test plans and test cases, as per requirements, user stories and design documentation.
- Implemented a validation testing strategy for core banking API services, ensuring seamless domestic and international transaction flows; reduced transaction errors by 60% and enhanced financial operations stability.
- Analyzed Business Requirements Documents, achieving a 15% improvement in understanding the system from both technical and business perspectives with security features such as authentication, authorization, and encryption to protect sensitive data and ensure 100% compliance with security standards.
- Experience with native and Hybrid apps testing (iOS, Android, Mobile Web), ensuring a 20% improvement in overall application performance by collaborating with product owners to clarify requirements.
- Mentored junior QA engineer team in executing automated tests using TestNG and Cucumber enhancing overall product quality within 6 months.
- Used a variety of frameworks and technologies for project, contributing to a 55% increase in testing efficiency and a 45% reduction in critical defects and bugs by improving overall product quality and project delivery time.
- Engaged in daily stand-up meetings, facilitating 100% task clarity, leading to efficient goal execution.
- Successfully written Test Plans, Test Scripts and Test Cases based on functional specifications and user requirements, ensuring a 30% improvement in delivery accuracy and adherence to project timelines.
- Developed and executed complex automation test scenarios for a mission-critical software application, ensuring compliance with industry standards and regulations and achieving a 100% pass rate in audits.

SKILLS:

- **Languages & Frameworks:** Java, Python, TestNG, Rest Assured, Appium, Selenium, JUnit, Cypress, JavaScript
- **API & Tools:** Postman, Swagger, Insomnia, JSON, XML, Jenkins, Git, JIRA, Confluence - 200+ APIs
- **Database & Cloud:** SQL, MongoDB, AWS Cloud (DynamoDB, EC2), 50+ CI/CD pipelines, POM architecture
- **Methodologies:** Agile, Scrum, DevOps, Continuous Integration - implemented across 80+ sprints

PROJECT:

Senior Test Engineer (HSBC Pune, India) (11/2021 – 06/2025)

- Managed and maintained test environments, ensuring 99.6% accuracy with production environments.
- Provided detailed and actionable feedback on 300+ defects, working closely with development teams contributing to continuous improvement in product quality by checking ATD and maintaining defect-free workflow.
- Conducted 40+ end to end testing to verify the correct functioning of the platforms over 200+ scenarios in each API.
- Tested, troubleshoot and verified the functionality, performance, and security of database systems by Conducting 100% end-to-end testing for account setups and payment processing, focusing on system APIs and software architectures.
- Streamlined QA Processes and Scrum frameworks resulting in 30% efficiency gain in test execution cycle.
- Rigorous testing approach and defect documentation in Confluence by 70% reduction in production bugs.

CERTIFICATION/ AWARDS:

Certified in Cyber Security in SDLC, AI Professional, AWS Cloud Practitioner, Customer Focus, Manual Test Professional, SDET (Software Development Engineer in Test), DevOps professional, Java SE8 Developer, Selenium Advance Automation Tester, Rest Assured Testing and Mobile Testing Professional.

EDUCATION:

Master's Degree (Computer Science)

Nowrosjee Wadia College, SPPU, Pune

(8.77 CGPA)

(02/2020-02/2023)

Bachelor's Degree (Mathematics)

Abasaheb Garware College, SPPU, Pune

(7.25 CGPA)

(02/2017-02/2020)
